

The Other Family Doctor Your Veterinarian

The Vermont Veterinary Medical Association is an organization committed to making a positive difference in the lives and health of animals. The VVMA member veterinarians actively promote pet population awareness and support Vermont humane societies' spay/neuter programs to ensure safe, reliable sterilization of every adopted pet. Visit our website www.vtvets.org to learn more about what the VVMA is doing to strengthen the special bond we have with animals.

The Veterinarian's Role in Your Pet's Health

- Develops a committed, lifelong association with you and your pet
- Provides current, accurate information on vaccination programs, nutrition, parasite control, spaying, and neutering and other pet-related issues
- Counsels pet owners on how to select the right pet, how to provide proper care for the lifetime of the new pet, and on normal behavior versus behavior problems
- Provides routine and emergency medical, surgical, and dental care

Thank you for adopting a pet from this animal shelter. Your local participating VVMA veterinarian would like to provide you with a complimentary wellness exam for your new pet. **The exam will not include any vaccinations, additional tests, medications or treatments. If your pet is showing signs of illness, there may be some additional charges for a comprehensive exam.** Feel free to discuss the fees for any extra services before they are performed. Don't already have a veterinarian? You can find one on our website at www.vtvets.org. Please check to see if he/she participates in this free exam program and schedule an appointment for this complimentary health check-up within a month of the adoption.

VVMA COMPLIMENTARY WELLNESS EXAM –2024

ADOPTING ANIMAL SHELTER/RESCUE: Please complete the information below on the pet, adoption date, and shelter/rescue name including coupon expiration date.

The first few weeks with a new pet can be both exciting and challenging. Your local participating Vermont Veterinary Medical Association (VVMA) member veterinarian would like to help you welcome this new pet into your family. Please take this opportunity to start your new pet on the road to a lifetime of good health by **calling your veterinarian to see if he/she participates in this program** and schedule an appointment today! If you don't have a veterinarian, visit our website at www.vtvets.org to locate one near you.
